

## NEW Administration Center Open in January

The Crete Park District Administration Center will be moving to 737 W Exchange St in Crete. The decade long search for the perfect location and building is finally coming to fruition. In addition to office space, the building has a small conference room, a file room and storage which has been desperately needed. The District was able to finance the project with their annual bond issue without raising taxes. The Willard Wood Park Center on First St will still remain active with Preschool Classrooms, Karate, Line Dancing, Guitar Lessons, ZUMBA and Youth & Senior programming, as well as rentals. Stay tuned to CretePark.com and the Crete Park District Social Media accounts for registration hours, locations and updates.

### Renee Chavez Joins Our Team

It is with great pleasure that I get to introduce myself to the Crete community as the new Executive Director of the Park District. As excited as I am, I would like to first wish Pat Polzin the best in her retirement. She has dedicated 23 years of professional service to Crete, and I admire the cornerstone of the community culture she has built. It deserves a huge congratulations, and I hope to stay connected with Pat as I continue her great work in the community.

As I look to begin my role as the new Executive Director January 11th, I wanted to take this opportunity to hear from all of you, the residents of Crete. Our first encounter may have to be on a Zoom call or behind a mask, 6 feet apart, but we will figure out a safe and effective way to make the warm introduction. It is my belief that the best way to serve a community is to really get to know the residents. My past successes in Parks and Recreation have come from the willingness of a community to share their input, showcase their talents and get involved. Together and through this strategy, I believe we can build similar successes in the Crete community.

I think I can speak for everyone when I say that I am looking forward to a few changes and a fresh start as we welcome 2021. As I finalize my departure with the Wilmington Park District after 10 years, the buzz within the Wilmington community reminds me of how vital the role of Executive Director for a park district truly is; it is a key ingredient to allocating lifelong memories for residents. So, as we begin to decree our New Year's Resolutions, let's set a goal of creating new memories in Crete together!

TO ZOOM  
OR NOT  
TO ZOOM!

We are proud to safely serve the public with BOTH Zoom and in person programming. Although we miss you and your family, we understand if you are hesitant for now.

We also understand if you just have to get out of the house! Our classes are smaller and we want to encourage you to come out and see the safety measures we have in place!

*But for some five minutes of time for one's self doesn't represent much,  
But for others, it begins to put them in touch.  
With their desire to truly make a lifestyle change,  
By making time for themselves and setting a new range.  
For what begins as five, soon turns to ten,  
And one sees the pattern repeat itself again and again.  
And over time you have improved your state of health,  
Truly, is there a greater wealth?*

# PRESCHOOL

## Preschool + Pre-K

Structured play promotes imagination, allows for exploration, promotes the lengthening of the attention span, decreases stress, allows for role play, and encourages language and vocabulary development. The goal of the Crete Park District Preschool is to provide a carefully planned environment that will enable young children to play with the encouragement of creativity and exploration. Our program is designed to assist in the development of the whole child, emotional, social, physical and intellectual through structured play. Crete Park District Preschool uses smart board technology. This technology allows children a hands-on experience with computer concepts. Writing skills are introduced as well as numbers, colors, shapes, measurements, similarities, differences, position and textures. Children must be completely potty trained (no pull ups) and able to dress themselves after using the bathroom. A copy of birth certificate and proof of immunizations are required.
